

TIPS for being a more Sustainable Traveller

- ✓ Save energy and water. Any effort counts!
- ✓ Consider the transport you're taking. Minimize it, minimising your carbon footprint. Use public transportation. Walk any distances you can, it's good also for your health!
- ✓ Chose eco - friendly, biological, locally sourced and locally produced products
- ✓ Support the local economy, donate local charities or join a clean-up activity or a blood donation. Our hotel organizes every year, ask for more information through our reception.
- ✓ Stick to the local shops for souvenirs
- ✓ Explore local and/or non-popular areas. Ask for more information through our reception or visit our webpages where you may also find information.
- ✓ Become a temporary local, not just tourist
- ✓ Don't purchase endangered species produce
- ✓ Please dress and behave suitably, while adhering to any onsite rules, when you visit natives' communities, sacred areas, churches, monuments, archaeological areas and areas of cultural interest or while participating in any traditional events
- ✓ Don't litter! Use provided bins and reuse or recycle
- ✓ Avoid using any sunscreens or personal care products that contain microbeads or ingredients that could harm marine life. Ask our reception for more information.
- ✓ Leave the wild animals, in the world. Do not participate in any activities that could harm animals or their inhabitants.

Travel is Incredible, Keep it this way!
